(Unclassified - LJK) LIAISON Had lunch with Timothy H. gram, Staff Director, House Government Operations Subcommittee Government Information and Individual Rights. Ingram said that hearings are scheduled as of yet, and he does not expect the mmittee to schedule any hearings in the near future. He feels at the new Chairman, Richardson Preyer (D., N. Car.), will be ly involved in his activities in the House Select Committee on is assinations. Ingram further stated that he is going to recommend at the Subcommittee Members authorize staff studies from Freedom Information Act compliance, particularly in the areas of trade crets and intra-agency memoranda. He does not feel that either these areas will require any review of CIA activities. He further ated that the staff would like to continue its work on security assification but does not see any interest in this by the Members. gram further indicated that the bill introduced by former nairwoman Bella S. Abzug (D., N. Y.) last year requiring notification victims of improper intelligence agency activities would not be introduced and that this matter will probably be dropped.
